A fine fire department and a company of State Guards. Little River Turnishes an adequate countries. Little inver furnishes an adequate supply of water for all purposes Beal estate low and rents cheap. Fine opening for woolen mill, pork packing establishment, fruit cannery, tanyard and wany other enterprises.

Climate mild and invigorating and exceedingly healthful.

Four more territories are knocking for admission to the Union.

Eleven factory girls were killed by an explosion in Wilkesbarre, Pa., Monday.

The all-day rain of yesterday doubtless served to dampen the ardor of those who are worked up on the pending issue.

Speakers often make the mistake of thinking there is argument in abuse. Strong language does not always convince.

STATE INDUSTRIAL NOTES.

Towns throughout the State are organizing Commercial Clubs as fast is possible and in every case the establishment of the Club has served to found some valuable public improvenent or to originate some promising industry. Richmond, Hurrodsburg, Russellville and Bowling Green are the last places heard from.

Richmond is growing with won derful rapidity. A number of very costly private residences and the finest hotel in the State outside of Louisville are under construction, and the probable development of pottery and glass interests in the county is giving a big impetus to things.

Winchester will be one of the liveliest cities in the South. It is already an important railroad center, but when the Kentucky Union and the Louisville, Cincinnati & Virginia are ompleted it will be an important erminal point with two lines penetrating the mountain region and oringing timber and minerals to her oors for manufacturers.

Owensboro is taking steps to establish a clearing house association by which the volume of banking busness can be ascertained and record-

A new planing mill company with capital sufficient to carry on a large business has been organized at Henderson with H. Kleymeir as President. The Company will build at once and equip their mill with the finest machinery.

Steam was raised in the Louisville cotton mills last Saturday and the nachinery was successfully started As soon as it has been thoroughly ested, work will begin on contract that have been made for supplies to a number of woolen mills in Louisville and elsewhere. It is apparent that the mills will have more orders to the order was attended to, though than they can fill.
